

LEARNING THROUGH FUN

TICK TOCK ENGLISH CAMPS

THE FIRST RULE OF CAMP: FUN!

We're taking camps to a new level. This is not a traditional English camp and it's not school.

It's the **summer holidays** and we're making the camp exactly like that. Mornings will be filled with fun challenges and projects with a **Native English** speaking teacher who also strives for fun. The extensively experienced team will ensure the kids have the language support they require, allowing them to develop their social skills and gain confidence in this ever-changing environment. It's an exciting programme, unmatched with any other available.

In the afternoon, kids can choose activities such as **Tennis, Media, or Capoeira**. And, of course, there will be a daily visit to the **cool swimming pool**. Evening activities will include a **Movie Night** (with popcorn and a projector), Quiz, Olympics....all exciting stuff! And we **love** doing it. Breakfast, lunch and dinner are included with an added **BBQ** night and Disco (a chance to wear our favourite clothes and choose our own **music**). What else could you ask for? All of this packed into one week with excellent, experienced teachers.

The new **English Summer Camp** is here. Register now to avoid disappointment.
